

Sage HRMS Garnishment Manager by Delphia Consulting

The garnishment process is a very tedious task and if not processed accurately, can cause major problems and may result in costly fines for an organization. Sage HRMS Garnishment Manager, a Sage Endorsed Solution, relieves the payroll staff of the tedious, time-consuming, and often error-prone tasks of calculating and prioritizing complex garnishments for child support, tax levies, student loans, and creditor liens. Sage HRMS Garnishment Manager streamlines procedures for the payroll staff, thus reducing the chance of manual errors, ultimately reducing the risk of incurring costly fines associated with compliance, which in turn increases a company's Return on Employee Investment (ROEI).

With just a few clicks, you can stay compliant.

Once you have run Calculate Payroll in Sage HRMS Payroll, just a few clicks in Sage HRMS Garnishment Manager will calculate the proper deduction amounts and update Sage HRMS Payroll accordingly. Here are some of the features of this new tool:

- Integrates into the Sage HRMS (U.S.) Payroll process without delays
- Prioritizes multiple garnishments
- Eliminates manual calculations

Unlike other costly services, Sage HRMS Garnishment Manager makes it easy and cost effective to manage your garnishment deductions calculations with Sage HRMS Payroll.

With Sage HRMS Garnishment Manager, you can:

- Track an unlimited number of garnishments per employee.
- Save the payroll user time by updating Sage HRMS Payroll with proper deduction amounts every time.
- Maintain the garnishment order in the employee's payroll deduction record within Sage HRMS Payroll using Optional Fields.

Benefits

- **Improve productivity**
Calculate complex garnishments in seconds and automatically prioritize multiple orders based on various jurisdictional rules.
- **No more mistakes and miscalculations; autocalculate disposable pay**
Calculate disposable pay for CCPA, child support by state, federal agencies, state levies by state, IRS take-home pay, and net pay before garnishments.
- **Stay compliant**
Supports all federal regulations and rules of all 50 states and CCPA wage limit tests and properly prioritizes and allocates multiple child support orders and garnishments.
- **No need for a separate system**
There's no need for a separate system or service. All data is entered into Sage HRMS Payroll and updates the time card with proper deduction values.
